

## **Job Description**

**Job Title:** Multi Skilled Operative

**Location:** Exeter

**Hours:** 40 hour week

An excellent opportunity for an experienced Multi Skilled Operative has arisen to join a dynamic and lively team in Exeter. Celltarga are a Building contractor specialising in the refurbishment of commercial properties in the South of England and is seeking a conscientious Multi Skilled Operative, primarily carpentry lead, to join their team providing support to our contracts primarily in the Southwestern area.

The role requires a candidate skilled in numerous trades, however there is a bias towards carpentry on this contract. As an experienced Multi Skilled Operative you will play a key part within the team and delivering the contracts on site on a day-to-day basis. There will be the requirement to be independent and work on contracts throughout the Southwest therefore a full driving licence is required.

The successful candidate will have previous relevant experience in the maintenance and refurbishment sector. although is not essential as we will also consider candidates who have worked within a subcontract background.

The preferred candidate will hold a trade City & Guilds / NVQ Level 2 or 3 qualification or have substantial knowledge of general building maintenance gained through their career history. Experience should be in multiple trades, ideally with carpentry and one other main skill which could include basic plumbing, electrical, wet trades etc. You will also hold a valid CSCS Card and full UK driving license.

We are looking for a candidate with excellent communication and customer care skills and the ability to work independently or as part of a team. Above all, we are looking for an individual who is focused on putting the customer/client first to ensure they have a safe and high-quality environment.

If this sounds like you, then we'd strongly encourage you to apply.

### **The Person:**

- At least 5 years' experience working on site with good practical ability
- SSSTS or SMSTS cards with CCS and H&S aware
- Multi trade skilled and could foreman a team on site
- Professional and conscientious
- Committed and flexible
- Excellent attention to detail, good organisational skills
- Full Driving License
